PYGMY GOATS NEED OFFICIAL IDENTIFICATION TO COMPLY WITH STATE AND/OR FEDERAL LAW AND BE SHOWN AT THE FAIRFIELD COUNTY JUNIOR FAIR

Junior Fair Goat Exhibitors in NON-MARKET classes

1. The 4-H/FFA exhibitors can buy a doe or wether that has the required official USDA identification. This is legal to show at the Fairfield County Fair. The doe/wether must have USDA identification before arrival to the fairgrounds. Either the buyer or seller must make sure the animal has official USDA scrapie identification, best if it is the seller. NOTE: Legible registration tattoos/microchips may be used in place of the official USDA identification to identify registered pygmy goats when the animal is accompanied by their original registration certificate listing the identification number (copies are not acceptable). Exhibitors of microchip animals must provide a reader for verification.
2. The 4-H/FFA exhibitors must be sure that the animal has an official USDA identification unless the animal is registered. They may get their own tags or tattooing or have their veterinarian do it. (For more information call the Ohio APHIS Department at 614-856-4735).
3. *Remember* that Federal Law prohibits removing the official USDA identification from any animal, but any animals can have more than one official USDA identification.
